LARGE PEACHES.—We are indebted to Mr. E. E. Harmon, of Saybrook, for a box containing a baker's dozen of Crawford peaches that surpass in size anything we have seen during the season, and such as we seldom see any season.

MAJ. PRESTICE has shown us the correspondence between himself and Marshal Prentiss of Cleveland, establishing the fact of his resignation of the office of Deputy Marshal, instead of the case having been one of removal—as was asserted in our allusion to the master last week. So much the better for the Major, and the promptness with which the resignation was accepted in the face of the intimation of a willingness still to hold it, is alike creditable to the Marshal.

Blankets worth \$4.00 a pair, selling at \$3.00 a pair at Peoples' Store.

The Culver store building recently sold, has again found a new owner—Edgar Hall, having sold to D. W. Gary, for \$600.

Two village lots of the Hall and Humphrey plat, lying near the Round Head road, on the road running between that road and the Rogers settlement, have been sold by Wm. Humphrey to Edgar Hall, for \$300 a lot.

Human Hair Switches, Thread Switches, and Mohair Braid, large assortment at Peoples' Store.

GOV. WALKER, of Virginia, will address the citizens of Ashtabula and vicinity at Smith's Hall, on the Political issues of the Campaign on Monday Evening next, 20th Inst. The GOVERNOR is an able speaker, and was a live Union man during the war. Come and hear him.

BAD LUCK.—We are obliged to go to press this week as best we can, having been overtaken with the misfortune of dropping one of our forms into print. We acknowledge with grateful feeling, the assistance afforded us by both the *Sentinel* and *Times* offices, in giving us the use of matter from their last respective editions, with which we are enabled to get out in usual time.

THE GENELEY MEETING on Wednesday evening, called for the purpose of listening to our old townsmen—Col. ANDERSON—was made to assume, in the course of the day, an additional attraction in the advent of General BRINKERHOFF. The meeting was large—filling Smith's Hall to its full capacity. The Colonel led off and occupied much of the evening in one of his eminently characteristic efforts. After overcoming, measurably, the irksomeness and awkwardness of his novel position, his faculty of readiness and sprightliness came to his aid and he rambled and rattled all over the political field without, probably, an hour's previous preparation, and without an effort at argument or coherence. The surface indications of the Colored are hardly equalled, but delving and steady drill, are not his forte. His pleasing and pleasant manner puts everybody into good humor, and though he draws the long bow, and sometimes puts the credibility of his audience to the test, we, who know him, laugh and pass it off with—"It's only the Colonel!" Scriven, earnest hearty espousal of anything is not his style, and we presume his Liberal Republicanism has about the same depth and hold of him as anything else. When he gave way, General BRINKERHOFF came forward, but his manner was so wanting in the electricity of the Col., that many of the audience, especially the republican portion of it, made a stampede for the door—and we followed the current.

That said council cause Protection Hall to be opened for public meetings of the township and village of Ashtabula, irrespective of party, under such regulations and restrictions as said council shall prescribe.

Said petition was referred to the Committee on Fire & Water. A meeting of the council has since been held (Aug. 22d) and no action taken on said petition. On last Thursday evening, Sept. 2d, another meeting was held. The committee, of which Goepfner was chairman, asked further time upon the petition, in order, to get up a counter petition. Councilman Pierce moved to grant time to the Committee until the next regular meeting, (first Monday in October.) Councilman Goepfner seconded the motion.

The vote on the motion was as follows: Faulkner and Crosby, ay; Pierce and Goepfner, yeas. Mayor, yea. Thus the matter is pocketed until after the State election.

Now, fellow citizens, it is not enough that those who fought against the Union should be proscribed. Those who stood for it are equally denounced, if we do not happen to agree with them in our present policies. Here stands one who is armed by a right to be a proscribed.

Colonel in the front, we Republicans were told to stand by him, and he is not his forte.
